

## ACE Program Highlights

**Science club:** Hands on Science experiments to explore, learn and have lots of fun.

**Arts and Crafts club:** Introduction to art techniques and craft projects. Children will be exposed to famous artists' biographies and work.

**Young Chefs club:** Children learn to follow recipes in creating yummy treats while they use their math and measuring skills.

**Drama club:** Inspire the theater artist in your child. Children will perform in plays and skits according to their grade level. They will be employing their language arts skills.

**Potters club:** Introduction to hand building and some pottery techniques

**Musicians club :** allows the kids to exercise their musical talents- vocal, string and percussion.

**Sports club:** Swimming, Tennis, Soccer Basketball, Ping-pong etc.

**Tae Kwon Do:** Olympics Style TKD taught by 6th Degree Black Belt

**Character first:** Teach, encourage and to practice and praise character in everyday life
